

## LES12025 EDUCATION COURSE: LES CLP EXAM REVIEW

**Saturday, April 26, 2025 | 9AM-5PM | Pan Pacific Hotel | Price: \$749 | Lunch will be included**

The Certified Licensing Professional (CLP) credential in intellectual property licensing and commercialization is a valuable career asset. This certification indicates to clients, colleagues and potential employers that you have advanced experience and qualifications in key identified subject areas. This course will provide you with a high-level overview of the major performance domains and content that you may see in your CLP exam so that you feel more prepared to take the certification exam. Applicants are strongly encouraged to fully prepare for taking the exam. For more information on the CLP Exam and ways to study, and to view a copy of the CLP Candidate Handbook, please visit the [Certified Licensing Professionals, Inc.](#)

*Disclaimer:* This course is not intended or meant to replace exam study and professional experience.

### **You will review the following topics:**

- Principles and concepts from each of the five established CLP exam modules
- Interactive sample questions from the CLP Sample Exam

### **INSTRUCTORS:**

**JEFFREY WHITTLE, CLP**  
Partner, Womble Bond Dickinson (US)

---

Jeffrey Whittle provides over 30 years of legal experience to clients in the energy and high-tech industries. He advises on strategic and complex technology transactions, including merger & acquisitions, licensing, patent, trademark, and copyright protection, intellectual property portfolio analysis, and various other contentious and transactional matters, including inter partes re-examinations, post-grant reviews, and derivation proceedings, among other disputed cases. Jeffrey is Head of Womble Bond Dickinson's Global Energy and Natural Resources Industry Sector, serves as Managing Partner of the firm's Houston office, and serves on the Global Board of Womble Bond Dickinson.

**NATHAN JENSEN, CLP**  
Senior Manager, SABIC

---

Nathan Jensen is an intellectual property attorney with thirty years of experience in the IP field. His work experience has included time in a law firm and as a patent examiner at the U.S. Patent and Trademark Office. He has held IP-related in-house positions at Rockwell Collins (now Collins Aerospace) and ExxonMobil. Currently he works for SABIC in Riyadh, Saudi Arabia. He holds a bachelor's degree in mechanical engineering from Brigham Young University (USA) and a Juris Doctor with Honors from the Antonin Scalia Law School at George Mason University (USA). Nathan is an enthusiastic advocate for the Certified Licensed Professional credential. He enjoys woodturning, family history, traveling, and creating fractal art.
